SUMMARY MAP SHOWING VISUAL STRUCTURE

GENERAL DESCRIPTION

The University District is adjacent to, and includes, the upper part of the University of Washington campus and the residential areas in the University District. The University District is characterized by its close proximity to the University of Washington, a major educational institution, and its surrounding residential areas. The University District is a diverse community with a mix of residential, commercial, and institutional uses.

Although the University District has a strong presence of the University of Washington, the community is also characterized by its residential areas, which include single-family, multi-family, and apartment complexes. The University District is a vibrant community with a variety of cultural, social, and recreational activities.

HISTORY OF THE UNIVERSITY DISTRICT

The University District has a rich history, dating back to the late 19th century. The development of the University District was influenced by the growth of the University of Washington and the surrounding residential areas. The University District has evolved over time, with changes in land use, development patterns, and community needs.

The University District has been a center of cultural and social activity, with a variety of institutions and organizations contributing to its vibrancy.

REFERENCES

This book includes information gathered from various sources, including historical documents, oral histories, and personal accounts. The references include books, articles, and other resources that provide insight into the history and development of the University District.

COMMON BUILDING TYPES

The University District contains a wide variety of building types, including residential, commercial, institutional, and public facilities. The buildings in the University District are characterized by their architectural styles, materials, and details, which reflect the historical and cultural context of the community.

The University District is known for its large-scale institutional buildings, such as the University of Washington campus, which includes the University of Washington Medical Center and the University of Washington Law School.

The University District also contains a variety of commercial and retail buildings, which serve the needs of the community and contribute to its economic vitality.

The University District is a diverse community with a range of housing options, including single-family homes, multi-family apartments, and condominiums.

Although the University District is a relatively small area, it contains a wide variety of building types that reflect the diversity of the community and its historical and cultural context.

The University District is an important part of the fabric of Seattle, and its development has been shaped by the needs of the community and the surrounding area.
